Development Site 668 Springfield Road, Belfast

Starting Bid: £295,000.00

For sale by CPS Property via the iamsold Bidding Platform

Please note this property will be offered by online auction (unless sold prior). For auction date and time please visit iamsoldni.com. Vendors may decide to accept pre-auction bids so please register your interest with us to avoid disappointment.

An excellent opportunity to acquire a ready-to-go residential development site extending to approximately 0.17 acres, benefiting from full approved planning permission for the development of 12 apartments arranged across three storeys.

Located within a well-established residential area of West Belfast, the scheme comprises two purpose-built apartment blocks designed to deliver a high-quality and modern residential development. The location offers excellent convenience to a wide range of local amenities along the Springfield Road, including shops, cafés, restaurants, schools, and public transport links, while also providing straightforward access to Belfast City Centre.

Importantly, works have already commenced on site and a CLEUD (Certificate of Lawful Existing Use or Development) is in place, offering additional certainty and significantly reducing development risk for any incoming purchaser. This presents a rare opportunity to complete an already established housing scheme with reduced lead-in times and lower

initial construction costs.

The approved plans provide well-considered accommodation with bright open-plan living spaces, practical layouts, and a contemporary architectural design that integrates well within the surrounding streetscape.

The development has been carefully designed with a strong emphasis on functionality, efficient circulation, and modern living standards. The contemporary pitched roof design, incorporating rooflight features, further enhances the overall appearance and practicality of the scheme while ensuring it sits comfortably within the surrounding area.

Opportunities to acquire fully approved development sites in this part of Belfast are increasingly limited and are expected to generate strong interest from developers, investors, and housing providers alike.
